

Note of Editor in Chief

It is our pleasure to inform you that the Journal of Women's Entrepreneurship and Education (JWEE) is indexed in SCOPUS Q3 (M24), but we are permanently going to work on its improvement. The JWEE encourages almost all original research papers directly related to the concept of the Journal. Namely, articles that do not deal with different aspects of female entrepreneurship and education, but only with gender aspects in some areas, will not be taken into consideration.

I am thankful to the Editorial Board members, newly joined and long-standing, all of whom have embraced the journal's vision and who are all dedicated to an exciting future. But we would not be able to succeed in these challenging tasks without helpful assistance from the academic community. In support of this is the fact that due to the participation of authors from many countries, JWEE has become recognized and cited worldwide. Thanks to the increasing selection of articles and their quality, we expect an even greater number of citations in other journals with the same or better ranking.

Yours faithfully,
Prof. Dr Mirjana Radovic-Markovic
